Tentative date is Dec. 7 (or whatever weekend Kris Kinder is not)

Cattle Raids recap—suggestions for next year—

We need to put in deposit for next year SOON! More heralds would help since site is spread out; the inn was isolated—need better notice for it, Gold Key needs to be sure loaner garb is available; get permission and spray the bonfire area for bugs sometime during set-up—be sure to tell equestrians about spraying; each area needs a schedule handy—use sandwich boards to post?

WWM—check with Callaghan and Scarlet Keep about plans

Coronation

Pilgrimage Passports—Etienne has sewn all 800 together—YEA!! Owain and Natalya will take them to Coronation Fri night to be passed out at troll

Stamps for events are mostly ready; those attending Kingdom events this fall might have to take passports with them—let Natalya know if you plan to attend any kingdom events

Winners (most traveled pilgrims) can be announced at Lilies

There was discussion about prizes—medallions, mugs, other stuff? Should only adults be considered to win prizes? Special prizes for kids? It was suggested that, especially if medallions are prizes, that we give a prize to the top traveler in each group (barony, shire, canton) so that every group has a winner. Or should the prizes just be for the top travelers in the kingdom? Is

retinue included in prize consideration? If we give medallions, should we create them for attending 10/15/20 events and give them to anyone who makes it to that number? More prize discussion needed before the end of the reign;

Should we sell pilgrimage badges at WWM to defray costs of pilgrimage passports (copying costs are currently about \$250 - most other items have been or will be donated)?
